# Shimmer and Shine

*Go for the glow with gilded eyes and luminous skin*

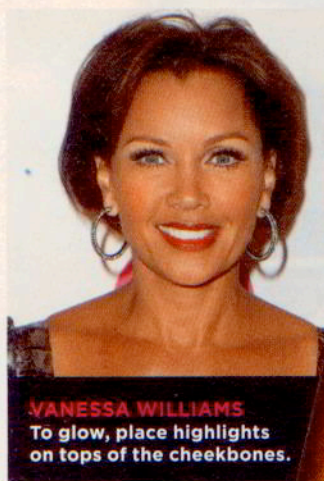

**TIKA SUMPTER**  
Gold shadow gives the illusion of bright eyes.

**GIVENCHY** Le Prisme Mono limited edition eye shadow in Or Céleste (\$29, sephora.com)

**LOOKING** radiant on the red carpet is one part great genes and another part amazing makeup. "The key to gorgeous glowing skin for Vanessa Williams and all my clients, of course, starts with a healthy diet and drinking plenty of water," says makeup artist Scott Barnes, who mixes Dr. Hauschka's rose day cream light with a cream foundation to illuminate the face.

**VANESSA WILLIAMS**  
To glow, place highlights on tops of the cheekbones.

**SCOTT BARNES** Body Bling Original (\$42, scottbarnes.com)

**VIOLA DAVIS**  
A shimmer lotion gives her décolletage a glow.

## COLOR MATCH

Matching your handbag and shoes? Old-fashioned. Matching your eye makeup and dress? Fresh and modern. Don't mimic the exact shade, advises Fine: "Using a color in the same hue family is more interesting and dynamic."

**REGINA KING**  
Works shades of violet.

**QUEEN LATIFAH**  
In a smoky navy.

**RAMY** Pure color shadow in Anita Cocktail! (\$17, ramy.com).  
**L'ORÉAL PARIS** Infallible eye shadow in Midnight Blue (\$7, Target)

*Before you get dressed, remove excess shimmer with a towel.*
